

Tech for Our Communities

Simple Tools for Big Local Impact

By **Abubakar Ibrahim** | AHYEL Fellow Applicant 2026

The Main Problem

- ✓ **Language Barrier:** Most tech tools and lessons are only in English.
- ✓ **High Costs:** Internet data costs too much money for everyday people.
- ✓ **Lack of Access:** Local youth are left behind because tech feels too hard or expensive.

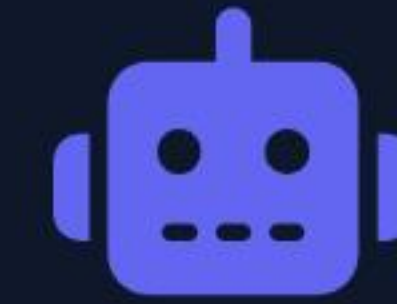

Two Easy Fixes

Hausa Radio Pro

A fast website to learn tech skills in our own Hausa language.

AI Community Helper

A smart chat box that explains computer ideas using simple words.

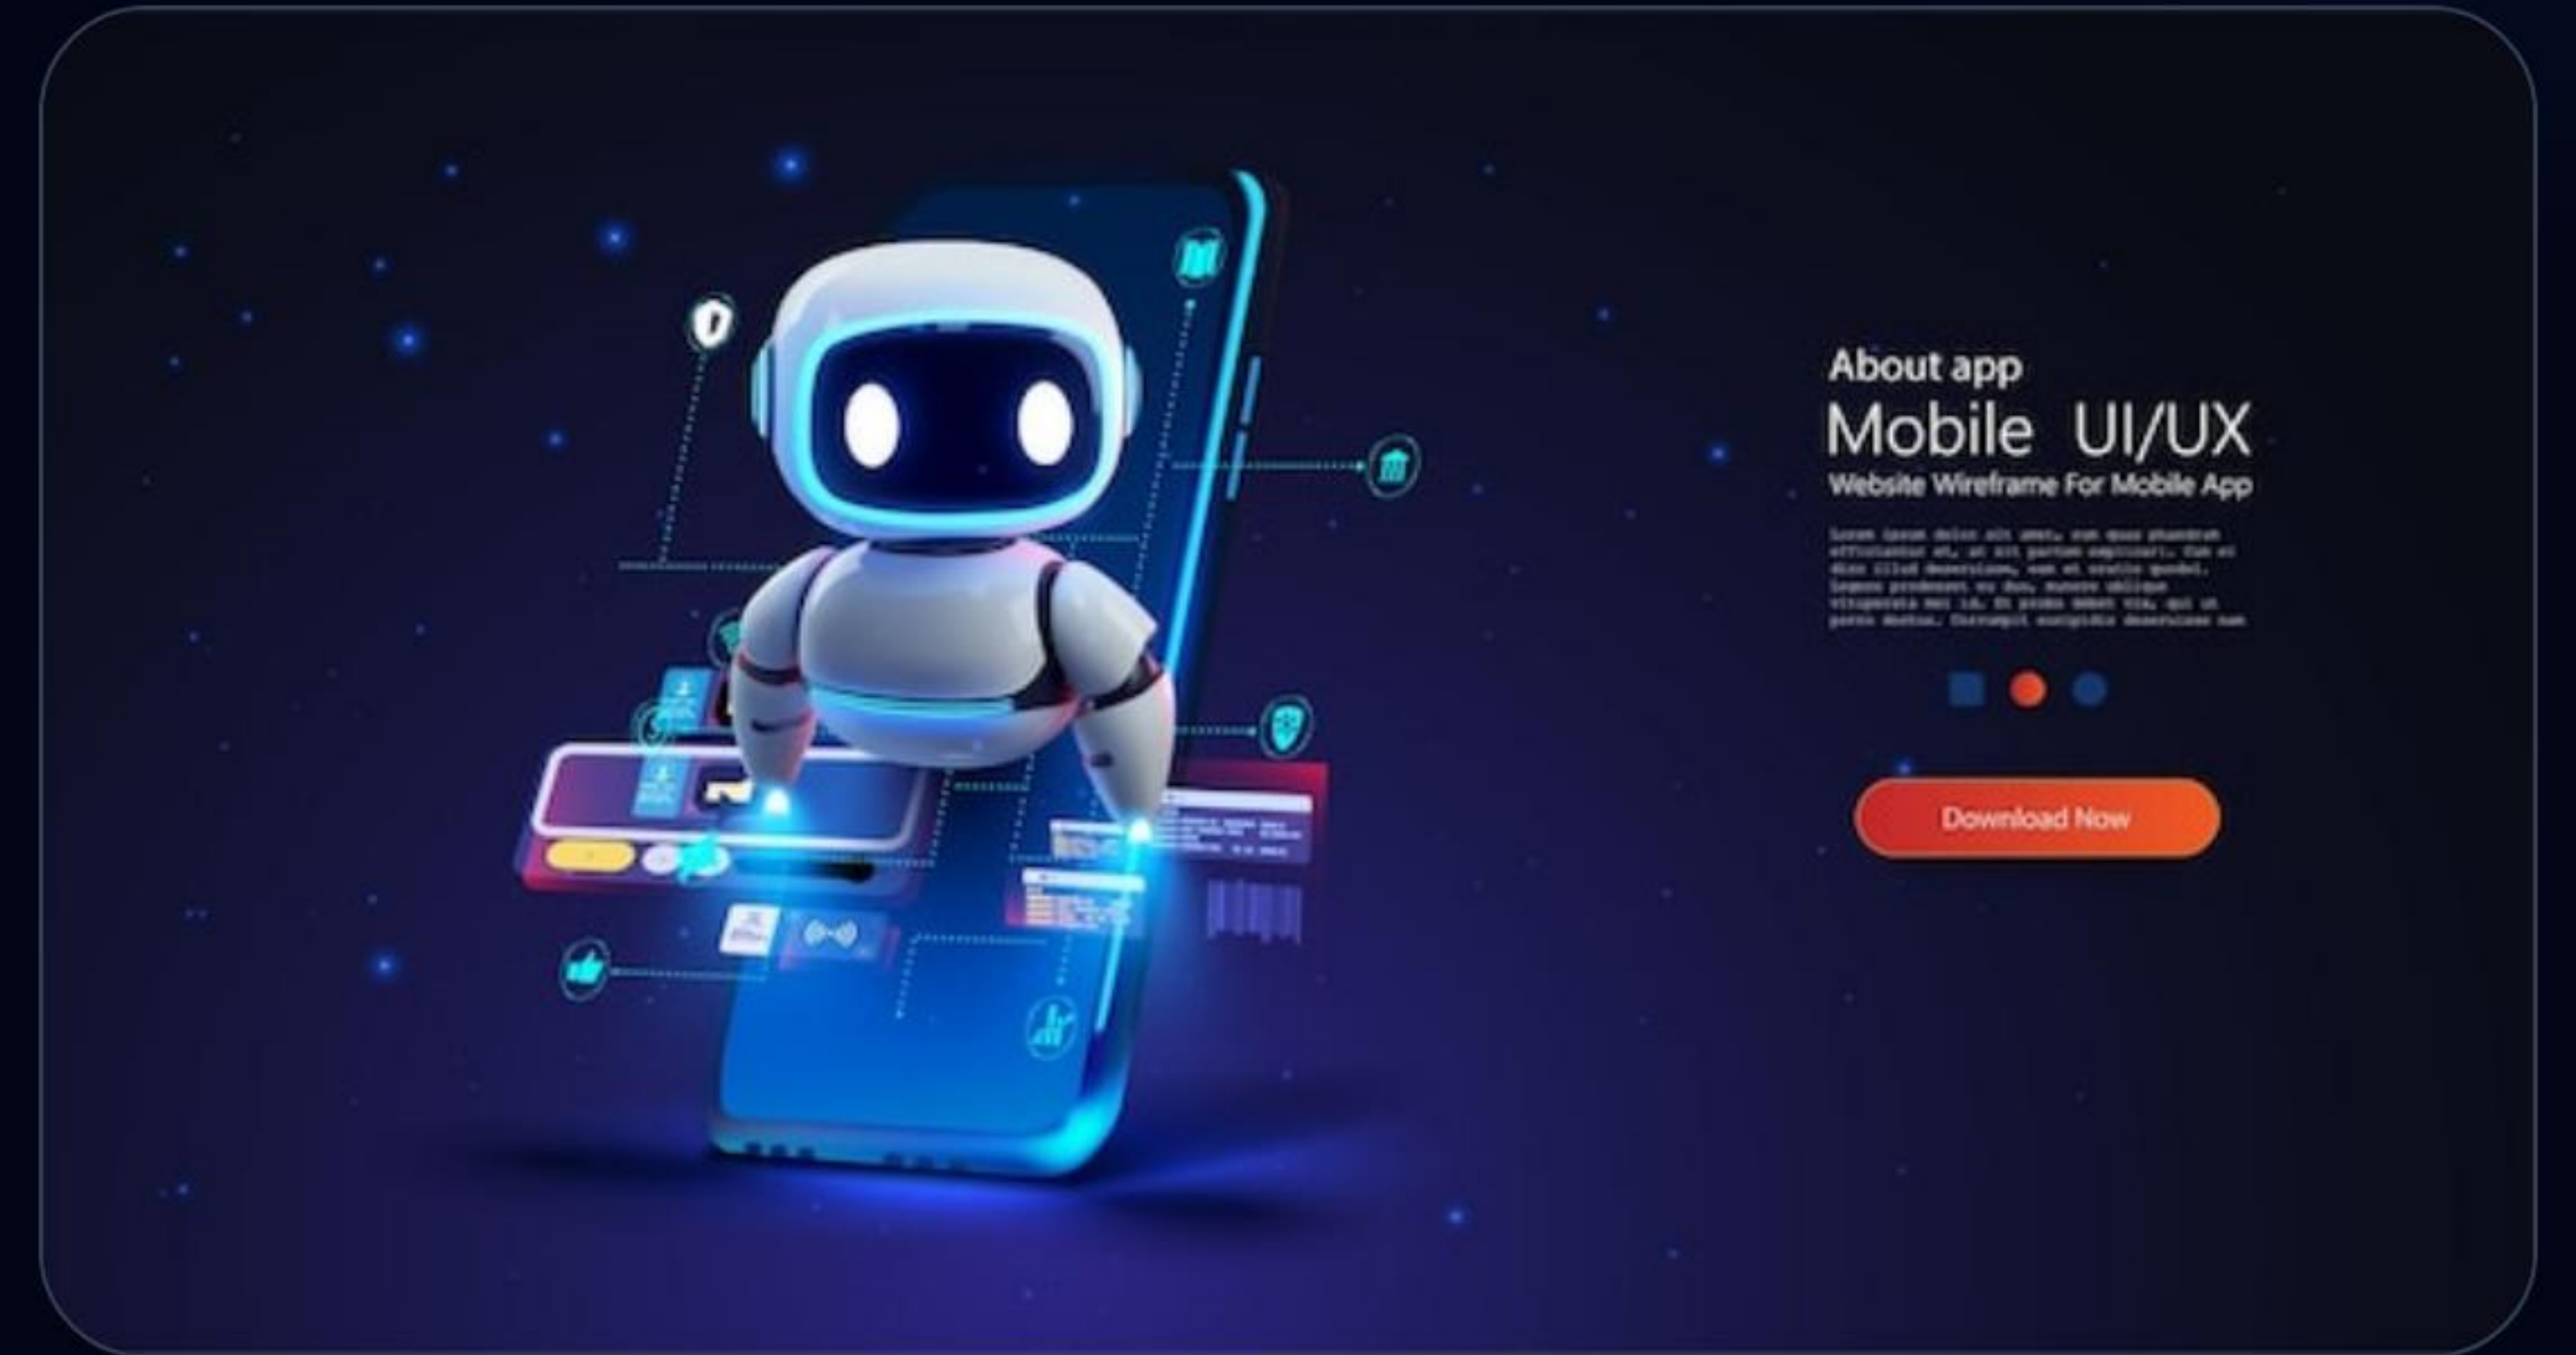

Deep Dive: Hausa Radio Pro

- ✓ **Easy Buttons:** Simple layout anyone can understand fast.
- ✓ **Data Saver:** Built to use very little internet money.
- ✓ **Local Voices:** Lessons recorded in Hausa for better learning.

Deep Dive: AI Helper

- ✓ **Quick Help:** Answers tech questions instantly.
- ✓ **Simple Stories:** Explains coding using local analogies.
- ✓ **Safe Learning:** No "scary" tech words for beginners.

How I Built It

Tool Name	What It Does
HTML & CSS	Builds the pages to look good on mobile phones.
JavaScript	Makes the chat box reply to messages instantly.
AI Tools	Helped plan the project and create the smart features.

Questions?

I am ready to grow these tools with the AHYEL Fellowship 2026.
